Subject: Conflict Minerals Resolution
From: Access Spring
Alfonso Jaramillo, General Manager

Dear Valued Access Spring Customer.

You have requested our conflict minerals policy. As you may know there has been questions regarding section 1502 of the federally en-acted Dodd-Frank Act also know as the “Conflict Minerals” legislation. However the elements subject to this provision namely Gold, Tin, Tantalum and Tungsten are neither mined nor in any way necessary to the production of the wire products and wire springs we sell to you. This would make the products we sell exempt from this legislation.

Be assured, Access Spring will continue to monitor the “Dodd Frank Act” regulations for any new minerals added to the list . Access Spring will compare any newly listed minerals with the raw materials in our finished product and communicate this information to our customers.

Best Regards

Alfonso Jaramillo
General Manager
Access Spring
